Massage Warehouse® Partners With EarthLite® to Create an Exclusive, Customized Portable Massage Table that Supports the Massage Therapy Foundation

Massage Warehouse will debut the *Savannah*™ Portable Massage Table at the Florida State Massage Therapy Association (FSMTA) Tradeshow, July 8-12, 2009, Booth 719, at Champions Gate, Florida

Bolingbrook, Illinois – July 7, 2009 – Massage Warehouse (www.massagewarehouse.com), the largest supplier of massage equipment and supplies, and EarthLite (www.earthlite.com), the world's largest manufacturer of massage and spa treatment tables, have partnered to create an exclusive portable massage table, the *Savannah*™. A portion of *Savannah* sales will be donated to support the Massage Therapy Foundation.

"The Massage Therapy Foundation is excited about the new *Savannah* table and the unique partnership of Massage Warehouse and EarthLite. This partnership will help further massage research and help bring massage therapy to more people around the globe," says Diana Thompson, President of the Massage Therapy Foundation.

Savannah is an exclusive, one-of-a-kind portable massage table that will be distributed solely by Massage Warehouse. The *Savannah* features a hardwood Maple frame, sturdy Birch decking, 2 ½" cushioning system, unique half-Reiki and half-standard endplates, dual wooden headrest outlets and more. The table will be sold as a value package that includes an EarthLite deluxe adjustable headrest, face cushion and single pocket carry case. Ten dollars of the proceeds from every *Savannah* sold will be donated to the Massage Therapy Foundation, a 501(c)(3) tax-exempt, public charity that promotes research, community service and education in the field of therapeutic massage and bodywork.

"The *Savannah* is a beautiful, eco-friendly, portable massage table that is packed with professional features in a distinct, rich espresso semi-gloss, water-based lacquer and warm latte colored Natursoft™ PU-free upholstery," says Jim Chenevey, President and CEO of EarthLite. "But the real beauty of the table is its continual gift back to the massage industry."

"We were looking to create an exclusive table for our customers, but wanted it to be more than a unique, eco-friendly table at an incredible value," says Heather Zdan, Vice President of Marketing at Massage Warehouse. "Partnering with EarthLite provided the opportunity that Massage Warehouse wanted. Our mutual donation program is what really sets this table apart and is a direct extension of Massage Warehouse's mission to help and support the massage industry."

About Massage Warehouse—

Massage Warehouse, a division of Scrip Companies (www.scripcompanies.com), is headquartered in Bolingbrook, Illinois. Massage Warehouse has become the number one supplier of massage equipment and supplies by providing the industry with high quality, professional products at a fair price for over 20 years. Massage Warehouse takes great

pride in being a long-time trusted resource to massage professionals – providing them with the equipment, supplies and educational information they need to succeed.

About EarthLite –

EarthLite is headquartered in Vista, California with operations on three continents. EarthLite and its affiliates are one of the oldest and largest massage and spa table manufacturers in the world. EarthLite maintains an unwavering commitment to making exceptional quality products with eco-friendly materials and processes.

About Massage Therapy Foundation –

The mission of the Massage Therapy Foundation is to advance the knowledge and practice of massage therapy by supporting scientific research, education, and community service. Since 1990, the Foundation has granted over \$300,000 to dozens of outreach initiatives, including massage programs that increase the self-esteem of severely burned kids at Camp Hope, decrease the occurrence of illness in orphans in South Africa, and bring hope to survivors of torture; and over \$500,000 to fund research that explores, for example, the psychotherapeutic effects of massage for people with cancer, and the ability for massage to enhance movement in seniors. At least 75% of money donated to the Foundation directly funds our granting initiatives.
